Please Note

A 1:30 routine will have a maximum of 27 full 8-counts, while a 2:00 routine will have a maximum of 36 full 8-counts. The higher number of 8 counts your routine has, the faster the BPM (beats per minute) your routine will be. Most mixes are typically made at 146bpm. For routines with (2) sections of music label it with **“END MUSIC”** in the box where you’d like the music to stop. Leave a BLANK ROW and begin the next section with the appropriate Lead-In.
